EXCISE.

Proceedings of the Government of Mysore

Read—

Correspondence ending with letter No. 7939—418, dated 23rd May 1898, from the Excise Commissioner, reporting the circumstances under which he issued Notice No. 7538—18, dated 2nd May 1898, as published in Part II of the *Mysore Gazette* of 12th May 1898, proclaiming that the exclusive privilege of selling intoxicating drugs in all the ganja and opium shops of the State would be put up to public auction.

No. 11424-5—EX. 465, DATED BANGALORE, 8th JUNE 1898.

ORDER THEREON.—Recorded, with the observation that the notice issued by the Excise Commissioner simply aims at uniformity in the matter of terms and conditions, that its object is to find out the existence or otherwise of competition in respect of each individual shop and that it is distinctly understood that shops for which there is no competition will continue to be dealt with under the sliding scale of license fees as heretofore.

The following letters from the Excise Commissioner in Mysore, submitting statements showing the consumption of arrack in the separate shops of the State during the six months from October 1897 to March 1898—

- (1) No. 4900—198, dated 8th December 1897.
- (2) No. 5675—237, dated 12th January 1898.
- (3) No. 6285—273, dated 12th February 1898.
- (4) No. 6799—314, dated 15th March 1898.
- (5) No. 7421—371, dated 27th April 1898.
- (6) No. 7572—382, dated 2nd May 1898.

No. 11659—EX. 474, DATED BANGALORE, 14th JUNE 1898.

ORDER THEREON.—The accompanying abstract prepared in this office shows that there was a net decrease in the consumption of arrack to the extent of 7,981 gallons and 26 drams during the six months under review.

This is reported to be due—

- (1) to the high prices of food grains ;
- (2) to the languished state of the coffee crops in the coffee tracts ;
- (3) to the stoppage of work at the Balaghat Mines in the Kolar Gold Fields ;
- (4) to the completion of certain P. W. D. works in the Mysore town ;
and lastly
- (5) to the enhancement of the retail price of arrack.

The decrease was heaviest in the cities of Bangalore and Mysore and in the Kolar Gold Fields.

Read—

Letter No. 6510—282, dated 25th February 1898, from the Excise Commissioner in Mysore.

I have the honor to submit herewith, for early approval and publication, a draft Notification embodying modifications and additions to the existing Toddy Rules, so as to make the rules adapted to the Tree-tax system, which is proposed to come to force in its entirety from 1st July 1898.

2. Under the Preliminary Tree-tax system, in the current year 1897-98, we have (1) "Aiyam" (Direct supply farms), (2) Aiyam "Kumki" (Direct supply farms, aiding other farms) and (3) "Angadi" (Independent shop farms). Under farms (1) and (2) both the right of vending toddy in the shops belonging to them and the right of drawing toddy in the groves assigned to them, have been leased on condition that the total farm rent which the lessees have agreed to pay shall be made up of—

(a) the tree-tax at the prescribed rates for the toddy-yielding trees tapped by them ; and

(b) shop rental, being the difference, if any, between the total farm rent and the tree-tax payable for the trees tapped by them.

Therefore from the total farm rent which they have agreed to pay, the amount of tree-tax due for the trees tapped by them is deducted, and if any balance is left, such balance is treated as shop rental, but if, at the close of the year, no balance remain, or the tree-tax exceed the total farm rent, the whole of the realizations will be treated as tree-tax. Under farms No. (3), which are independent shops with no groves assigned to them, the right of vending toddy alone has been leased, so that the *whole* of the purchase money thereof represents shop rental, and the tree-tax of the trees, which the lessees of these farms have to obtain under their own private arrangements, being quite *distinct* from such shop rental, the whole of it is separately credited under the head "Tree-tax."

3. From 1st July 1898, both the "Aiyam farms" and "Aiyam Kumki farms" will cease to exist, as the right of drawing toddy in the groves assigned to them will not be leased along with the right of vending toddy in the shops belonging to them ; but only the right of vending toddy either in individual shops or groups of shops, according to the circumstances of each locality, will be leased on condition that the lessees shall pay tree-tax at the prescribed rates, with local cess thereon, for the trees tapped by them either in the Government or Inam groves assigned to them, or elsewhere, so that, from and after the year 1898-99, only "Angadi" or independent shop farms will be in existence.

4. As no local cess is payable on the license fees of shops, (shop rental), that item has been omitted in the chellans, &c., relating to shop rental, as in the case of the rentals of arrack and drug shops.

5. Wherever toddy-yielding trees are not within easy reach of shops, they cannot be taken up and worked individually by small capitalists. In such localities, *viz.*, Bangalore City, Civil and Military Station, Devanhalli taluk, Siddlaghatta taluk, &c., the shops have to be grouped and sold, as in the case of arrack shops, to enable large capitalists, who can afford to bear the heavy cost of carriage, &c., to bring toddy from long distances, to take them up.

6. A memo is attached explanatory of each of the principal modifications and alterations made in the Notification and Licenses.

7. I beg to request that 500 copies of the revised rules may be ordered to be supplied to my office for distribution, and 2,000 copies to the Government Book Depot for sale.

Explanatory memo showing the object and reasons for each of the principal modifications and alterations in the draft Notification regarding Toddy Rules and Licenses.

1. *Draft Rules.*—As the "Aiyam Farms" and "Aiyam Kumki Farms" under the farming system hitherto in force, will cease to exist under the "Independent shop system" and "Tree-tax system" which are proposed to be introduced from 1st July 1898, the old Rule II is struck out, the requisite provision regarding the shops in alienated villages, being added to Rule I.

2. The words "unless revised by the Excise Commissioner or by Government" after the words "such formal confirmation will," in para 1 of Rule IV are inserted for the reasons referred to in correspondence ended with my letter No. 1886—106, dated 30th August 1897.

3. The addition after the word "Discretion" in the first sentence of para 1 of Rule IV, is made to enable the Deputy Commissioners of districts to take necessary precautionary measures for guarding against the loss of revenue in the event of reasonable bids not being received for any individual shops or groups of shops.

4. The last sentence in para 1 of Rule IV is struck out, it being inconsistent with the first sentence thereof. It has also been omitted for the same reason in para 1 of Rule XXI in the revised Arrack Rules sanctioned in Government Notification No. 371—Ex., dated 12th March 1897.

5. The proviso in the first sentence of para 2, Rule IV, is inserted to enable Government to dispense with initial deposits at discretion. Such provision has also been made in para 2 (b) of Arrack Rule XXI.

6. The initial deposit which had been fixed at Rs. 50 in para 2 of Rule IV, in the case of vend farms, is reduced to Rs. 10 in the case of individual shops and Rs. 25 in the case of groups of shops, the sum of Rs. 50 being too large as regards individual shops or groups of shops.

7. As no provision for the execution of security bonds by the sureties of the lessees, existed in the old rules, the requisite provision is made in para 4 of Rule IV, in view to legalize the present practice of taking security bond from them.

8. The old para 5 of Rule IV is omitted, as the particulars of the shops, groves, &c., are published in sale notifications for the information of the public.

9. The additional clause (1) of para 5 is intended to show to the lessees of shops and groups of shops how they have to obtain the supply of toddy to their shops.

10. The additional clause (5) of para 5 of Rule IV is inserted in the rules, as it now exists in License A, *vide* clause (8) of para 3 of the License.

11. The altered clause (6) of para 5 of Rule IV regarding minimum retail rates, is what has been already sanctioned in Government Proceedings No. 613-22—Ex. dated 2nd April 1897.

12. Clause (8) of para 5 of Rule IV is altered so as to legalize the present practice of issuing licenses to toddy depôts.

13. The addition to clause (9) of the above para is to make it consistent with the existing clause (5) of para 7 in the sale notification.

14. Old clause (13) of the above para is struck out in consequence of the revised rules issued under the arrangements lately entered into with the Madras Government.

15. The addition to para 5 of Rule V is necessary to make it obligatory on the lessees to point out the trees applied for by them, for being readily marked. Such rule exists in Madras.

16. The addition made to para 8 of Rule V is what has been already sanctioned by Government, in Proceedings No. 613-22—Ex., dated 2nd April 1897. *Vide* para 7 of the form of agreement appended to the Proceedings.

17. Para 10 of Rule V is altered so as to make it conformable to para 2 of Tree-tapping License No. 5 (A). The tree rent will not, however, be levied from the shop-keepers in the Mysore State for 1898-99 as stated in the sale notification, it being necessary that they should not be burdened with such additional payment until they gain full experience of the details of the tree-tax system proper.

18. The tree-tax being duty on toddy, it has to be prepaid before the removal of toddy from the tapped trees. Accordingly in the Madras Presidency one-half of the tree-tax has to be prepaid at the time of application for the tree-tapping license. I have, however, fixed it at one-third to make the prepayment easier for the lessees, and have modified para 11 of Rule V accordingly.

19. Whether the trees are stunted in growth or not is a departmental matter for the Officers of the Department to readily ascertain and settle; and therefore clauses (3) and (5) of para 17 of Rule V are altered so as to enable Divisional Officers of the Department to dispose of such cases without loss of time.

20. Clauses 6 and 7 of para 17 of Rule V, which exist in the Madras Presidency, being important, have been adopted.

21. License A.—The alterations and additions made in License A are in consequence of those made in the above rules. In condition 21 the words "Unfit for human consumption" are substituted for the words "Drawn more than two days previously," as it has been found from experience that toddy even four days old would, if properly preserved, be fit for human consumption.

22. License C.—It is undesirable to keep Toddy Depôts open after sunset, more particularly as toddy shops have to be closed by 9 p. m., under condition 14 of License A, hence the alteration of condition 6 in the Depôt License.

No. 11675 A.—EX. 475 A, DATED BANGALORE, 14TH JUNE 1898.

ORDER THEREON.—The Toddy Rules together with the appended forms A, B, C and D, as modified in this office are approved and forwarded to the Compiler, *Mysore Gazette*, for publication in the next three issues of the *Mysore Gazette*.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

No. 11676—EX. 476, dated 14th June 1898.

Under Sections 5, 13, 20 and 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to make the following Rules in supersession of all existing rules on the subject of the disposal of the exclusive privilege of selling Toddy in Shops or Groups of Shops and the grant of Licenses for sale, for the tapping of Toddy-producing trees, &c.

PART I.

I. The exclusive privilege of selling toddy in each shop or group of shops, for each year or any other period that may be specially fixed by Government, shall be disposed of by sale by public auction. Toddy shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head.

II. The sales shall be conducted by the Deputy Commissioner or by an Assistant Commissioner specially authorized by the Deputy Commissioner in that behalf.

III. The results of sales shall be reported to the Excise Commissioner without delay.

IV. The terms and conditions of sale and the issue of licenses shall be as follows:—

1. The exclusive privilege of selling toddy in each shop or group of shops, as may from time to time be notified by Government, shall be put up to public auction at upset prices, and except as hereinafter provided, knocked down to the bidder offering the highest amount of rent above those prices. The licensee is not required to make any additional payment on account of local cess. The officer conducting the sale shall be at liberty to revise when necessary, the grouping of shops and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, unless revised by Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his license or of the Excise Law or Rules thereunder shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

- (i) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.
- (ii) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.
- (iii) The amount of rent shall be payable into the local Government Treasuries on printed chellans, (in Form B appended) in equal monthly instalments commencing from 1st July of the year to which the license relates. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 30th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk.

as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the same, as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

- (iv) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall with interest at 6 per cent per annum be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of resale.
- (v) If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.
- (vi) Toddy shall not be sold to the public, at less than the retail rates, from time to time notified by Government.
- (vii) Toddy shall be sold pure as drawn from trees and shall not be adulterated or diluted in any manner in the shops, or depôts if any.
- (viii) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the appended form C. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized on this behalf.
- (ix) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form A, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open or the disposal of toddy in any other manner, unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.
- (x) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.
- (xi) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy, nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the territories of Mysore.
- (xii) The licensee shall be bound by the provisions of the Excise Law and Rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may from time to time be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.
- (xiii) The license shall not be transferable except with the permission of the Excise Commissioner.

6. Tree-tapping licenses in the prescribed form shall be issued on the application—

- (a) of licensed toddy shop-keepers,
- (b) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in para 14 below, and
- (c) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in para 14 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bona fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of the applicant himself or of his nominees.

7. Applications for the grant of tree-tapping licenses must be made, in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

8. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

9. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

10. On receipt of an application, the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

11. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

12. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

13. For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of applicants, applications will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period, to which they relate, to take effect from the commencement of such period, provided that no toddy shall be drawn except during the currency of such license.

14. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

				Tree-tax per annum for each tree including local cess.		
Tree.				Rs. a. p.		
Date	...	...	...	...	1	1 0
Cocconut	...	...	...	...	2	2 0
Pulmyra	...	...	...	...	1	4 6
Baguni or Sago Palm	...	...	...	...	1	6 6
Dadmal (Arenga wightii)	...	...	...	...	0	8 6

NOTE.—The licenses will be free of tax to the Mysore Government in the cases specified in para 6 (b) and (c) above.

15. In addition to the above tax, tree-rent at annas four per tree per annum or at such other rate as may from time to time be fixed by Government with local cess thereon shall be paid by the applicant for Government trees tapped by him, the amount being credited to the respective departments concerned. Provided that the Government may waive the levy of such tree-rent for such period as they think fit, on account of Government trees tapped by licensees of shops in the Mysore State. No trees upon Government occupied land can be tapped without the consent of the owner. The rate of tree-rent payable for such trees shall be settled by the applicant with the owners thereof. The present arrangement as regards trees in alienated land will hold good subject of course to the levy by Government of tree-tax.

16. The tree-tax shall be payable on printed chellan as per appended form D in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April	One-third	The remaining two-thirds.
Between 1st May and 30th June	The whole	None.

17. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such case; will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

- (i) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form D, and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.
- (ii) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.
- (iii) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in the State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of

licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(iv) The Supervisor concerned in the Mysore State will issue transport permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(v) Transport permits for toddy exported by rail will be given in batches of seven or any other requisite number, one for each day, to allow of a transport permit being invariably attached to the Way-bill.

18. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted :—

“All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the Rules in force, are strictly prohibited.”

19. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

20. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

21. Every person to whom a tapping license is granted for the manufacture of toddy, either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees :—

- (a) Date trees shall be tapped only by professional men.
- (b) Trees tapped one year shall not ordinarily be tapped the next year.
- (c) Trees shall not be overtapped or overworked.
- (d) In no date tree shall the initial incision be made at any point less than three feet from the ground, except in places where permission is specially given.
- (e) No date tree shall be cut to a greater depth than one-third of its diameter.
- (f) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.
- (g) Not less than eight leaves shall be left on each tree.
- (h) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.
- (i) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

22. In case of any breach of the aforesaid Rules or of the conditions of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to resell the exclusive privilege or otherwise dispose of it at the risk of the licensee or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancellation of the license or by the resale or other disposal of the privilege shall be made good by the licensee or his surety in the manner specified under para 3 of Rule IV above. All sums thus due shall be recovered in the same manner as if they were arrears of land revenue.

23. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of a license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Law for the time being in force.

PART II.

V. The chellan B referred to in clause (iii) of para 5 of Rule IV shall be in triplicate. One copy shall accompany the Treasury "daily cash" account sent to the District Treasury, another being forwarded by the Taluk Treasury officer to the Deputy Commissioner's office and the third retained with the licensee.

VI. The amounts paid into the Taluk Treasury as per chellans B and D under clause (iii) of para 5 of Rule IV, and under paras 16 and 17 (i) of Rule IV, shall be credited at once to the appropriate budget head under "Excise Revenue," and the local cess to the head "Local Cess on Excise Revenue." The District Treasury Officers shall furnish the Excise Commissioner with monthly statements of realizations on account of the several items of shop-rent, tree-tax, tree rent, and local cess under separate headings by dates in the form prescribed by the Comptroller.

VII. On receipt of the duplicate chellans referred to in Rule V and in paras 16 and 17 (i) of Rule IV, at the District Office, they shall be compared and verified with the figures in the monthly Abkari Revenue Statements Nos. 6 and 6-A received from the Amildars. The Statements Nos. 6 and 6-A compiled for the whole district shall then be forwarded to the Excise Commissioner's office where they shall be compared and verified with the Treasury monthly statements. The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6-A for the whole State and send them to the Dewan's office after obtaining the Comptroller's certificate of credit.

VIII. The duties to be performed, and the accounts, diaries and reports to be furnished by all Officers and Amildars, the executive members of the Excise Department, and village officials, shall be such as may, from time to time, be ordered by the Excise Commissioner.

IX. Except as otherwise provided, all orders passed and proceedings taken by Officers of the Excise Department under the provisions of these Rules, shall be subject to appeal to their immediate superior, within two months from the date of the passing of such orders or proceedings.

X. The Officers of the Excise Department, and licensees or their agents, shall conform to such rules of practice as may, from time to time, be issued by the Excise Commissioner, not inconsistent with the provisions of the Excise Act and these Rules.

XI. The following persons are hereby empowered to grant passes or permits for possession of transport of toddy in such forms as may be prescribed by the Excise Commissioner:—All the members of Excise Department not below the rank of Abkari Inspector, Assistant Commissioners, Amildars, Sheristadars, Shekdars, and licensees or their agents.

XII. Date trees for tapping for the purpose of extracting Toddy shall be reserved. Licenses for cutting and removal of leaves by professional rope-makers, basket-makers, &c., and by agriculturists, under such rules as may be issued by Government, shall be restricted only to the groves or trees not reserved for the purposes of toddy revenue, and may extend, in groves on trees reserved, to the removal of date leaves cut by licensees for the purpose of drawing toddy.

A

LICENSE GRANTED TO INDEPENDENT TODDY SHOPS OR GROUPS OF SHOPS IN THE DISTRICT OF.....

I
Deputy Commissioner of the District of
under the provisions of the Excise Act, hereby appoint you, ...
son of
residing at
to be the Licensee of the exclusive privilege of vending Toddy in the shop or groups of shops of in the Taluk of
in the District of from the 1st day of 189
to the day of 189, subject to the following Conditions and stipulations to be observed by you, the said.

CONDITIONS AND STIPULATIONS.

1. The exclusive privilege conferred by the license extends to the vend of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy.
2. The Deputy Commissioner shall be at liberty to issue license for the sale of foreign liquors, for the manufacture and sale of country beer, and for the manufacture and sale of arrack and other country spirits.
3. The licensee shall pay Rs., being the rent of the above exclusive privilege by equal monthly instalments commencing from 1st July 189 .. Each month's rent shall be paid on or before the 20th of the same month. The licensee is not required to make any additional payment on account of local cess.
4. For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shop-keeper on application to the Supervisor who will grant the necessary permits on proof of the necessity for the same.
5. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be drawn except during the currency of such license.
6. In the case of date trees applied for by him to be tapped, the licensee shall get the requisite spaces on the stems of such trees prepared, so that they may be easily marked by Excise officers. He or his agent shall point out to the marking officer, when required by the latter to do so, the trees applied for by him. Should he fail to do so after reasonable notice, the tree-tax paid by him shall be liable to be forfeited at the Deputy Commissioner's discretion.
7. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

8. No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Description of trees.	Rates of tree-tax includ- ing local cess per tree per annum.		
	Rs.	a.	p.
Date	...	1	1 0
Coconut	...	2	2 0
Palmyra	...	1	9 6
Bagani or Sago	...	1	9 6
Dadawal (Arcuga wightii)	...	0	8 6

9. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July and 30th April	One-third	The remaining two-thirds.
Between 1st May and 30th June	The whole	...

10. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing cancel the license, order the forfeiture of all deposit made by the defaulter and proceed to resell or otherwise dispose of the exclusive privilege at the defaulter's risk as soon after the last day of the month as may be possible.

11. The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by the licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from date of resale. Provided, however, that when the exclusive privilege is resold or otherwise disposed of, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter as well as towards the deficits, if any, arising from the resale of the said privilege, and the balance of such arrears and deficits, if any, shall be recoverable from the licensee or his surety or sureties or from both under the Rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall on any account whatever be claimable by the licensee.

12. If the deposit is in Government of India Promissory Notes or Mysore Dyebentures which the licensee wishes to retain, they will be returned to him on payment of the whole of the rental due by him; otherwise they will be sold, and the sale-proceeds taken towards the payment of the instalments due in the last months of the period of the lease, any balance still due being recovered as if it were an arrear of land revenue. In the case of the resale of the exclusive privilege, the deposit will be applied to cover any arrears which may be due, and the loss, if any, sustained by Government by resale; and if it shall be more than sufficient to do so, the balance will be forfeited. If, however, the deposit should fall short of the arrears due and of the loss by the resale, such arrears and losses, together with interest, shall be recovered by the attachment and sale of the property of the defaulter and of his sureties, if any, under the rules in force for the recovery of the arrears of Land Revenue.

13. The resale referred to will, however, be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at discretion. Such formal confirmation, unless revised by Government, will be tantamount to an acceptance of the bid. The accepted bid will represent the amount which is to be paid for the remaining period of the lease for the exclusive privilege.

14. If the Deputy Commissioner does not confirm the resale, he may make such other arrangements as may appear advisable for the remainder of the period

of the lease, in which case he shall serve a notice on the licensee informing him of the nature of the arrangements made.

15. If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

16. The licensee will be allowed to take out licenses to tap trees in the Madras Presidency, provided he pays the prescribed tree-tax for them into a Mysore Government Treasury in one instalment and subject to the Tree-tapping Rules in force in the Madras Presidency and in the Mysore State, and subject also to the payment of tree-rent to the Madras Government at such rate as may be fixed by that Government.

17. The licensee shall not interfere with the licensees for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes, when they make use of the trees assigned for such purposes, and not reserved for tapping.

18. The licensee shall keep true and correct accounts showing—

- (1) the names and situation of date topes from which toddy is drawn
- (2) the number of trees tapped;
- (3) the quantity of toddy drawn daily;
- (4) the quantity of toddy sold daily; and
- (5) the names of the shops to which toddy is supplied.

19. These accounts shall be kept in such forms as may be prescribed by the Excise Commissioner, and shall be open to inspection by the Amildar, or any Excise Officer appointed by the Deputy Commissioner for this purpose, and a copy thereof shall be furnished by the licensee to the Deputy Commissioner on requisition, in such form as may be prescribed by the Excise Commissioner.

20. Toddy shall be sold only in shops duly sanctioned and licensed by the Deputy Commissioner, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited.

21. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed or permit transfers of shops from one place to another within two hundred yards of the sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

22. The licensee shall place the license granted to him in a conspicuous place in the shop.

23. A sign board shall be affixed in a conspicuous part of the front of each shop containing, in the vernacular, the name of the shop-keeper and the rate at which toddy is sold by him.

24. The licensee shall prevent all drunkenness or disorder or gaming within his shops.

25. No shop shall be opened before sunrise.

26. Shops shall be closed by 9 o'clock p. m., unless the Deputy Commissioner, for special reasons, shall authorize the keeping open of particular shops to a later hour.

27. The licensee shall not harbour robbers or thieves or rictous persons but, on the contrary, shall give intimation to the nearest Magistrate or Police Officer as to any such persons who may resort to his shops.

28. The licensee shall not receive any grain, jewels, goods, wearing apparel, or other article in barter or in pawn for toddy, but on the offer of any such, shall give information to the nearest Magistrate or Police Officer.

29. The licensee shall not sell to any person more than three measuring seers of toddy to be consumed in the shop. He shall not allow any one to take out of his shop without a pass more than two seers or imperial quarts, with the exception of bakers who are permitted to purchase and remove the quantity of toddy specified in the pass held by them.

30. The licensee shall be bound to furnish such returns and information as may, from time to time, be required by the Deputy Commissioner.

31. The distillation of spirit from toddy is absolutely prohibited.

32. No ingredients noxious to health shall be put into the toddy either to increase its intoxicating power or for any other reason.

33. Toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any. No diluted or adulterated toddy or toddy unfit for human consumption shall be offered for sale or kept in the shops, or depôts if any.

34. Toddy shall not be sold to the public at less than the retail rates fixed by Government as per particulars below :—

	Price per secr or imperial quart.											
	Date Toddy.			Coconut Toddy.			Palmyra Toddy.			Bagoni Toddy.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
In District Head-Quarters ...												
In Taluk Kasabas of the District ..												
In Villages: ..												

35. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government.

36. The licensee shall have such measures tested and stamped at his own expense.

37. No toddy shall be sold or given to any European Non-Commissioned Officer or private soldier, or to any European or Eurasian camp follower, or to any member of the families of any of the aforesaid persons, without the permission, in writing, of the Commanding Officer, or of some person duly authorized by him in this behalf; nor to any sailor, nor to any sepoy, member of the Police Force, Excise Officer, or a servant of a Railway Company whilst on duty; nor to any European vagrant under escort of the Police; nor to any child under twelve years of age, for consumption on the premises; nor shall any toddy be sold *on credit*.

38. The Deputy Commissioner may direct that all shops for the sale of toddy on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with toddy by such persons as the Government may select for the purpose, notwithstanding the licensee's exclusive privilege.

39. The Government reserves the power to terminate the lease on public grounds, awarding a reasonable compensation to the licensee. The licensee will have no claim to compensation or remission on account of any arrangements which may be made by Government in regard to country beer or other description of liquor or spirit than toddy.

40. Except with the permission of the Excise Commissioner, the licensee shall not sell or sub-rent or transfer his shop or group of shops.

41. Every person placed by the licensee in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by the licensee on or after 189 , shall be deposited with the Deputy Commissioner within one month from that date, or of the date of executing the engagement.

42. If it comes to the licensee's knowledge that any person employed by him in the manufacture, carriage or sale of toddy, commits any breach of the Excise Law or of the engagements entered into by him, it shall be the licensee's duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the further employment of such person.

43. The licensee shall not during the term of the license have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of vending toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner have any interest direct or indirect in any toddy shop or farm outside the territories of Mysore.

44. The licensee shall provide himself with printed forms of permits for transport and possession of toddy. Such permits shall be in the form prescribed by the Excise Commissioner, and shall be purchased from local Excise Officers.

45. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

46. The licensee shall be responsible that his servants or agents are prevented from extracting toddy from young immature date trees the trunks of which are less than one yard in height from the ground to the initial incision, nor that any leaves be cut and used by them, except such as may have to be removed for the purpose of drawing toddy, nor shall any trees be tapped in so careless a manner as to lead to their destruction; and any breach of these Rules shall render the licensee liable to the payment of a penalty of Rs. 50 for each offence.

47. The licensee shall employ only professional toddy-drawers for tapping the trees.

48. In case of any breach of the aforesaid conditions either by the licensee or with his connivance or privity by any person in his employment, or in the case of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place the shop or group of shops under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancellation of the license or by the resale or other disposal of the privilege shall be made good by the licensee, or his surety or his heirs and representatives. All such penalties and loss shall be recovered in the same manner as if they were arrears of Land Revenue.

49. The imposition of a fine, or the forfeiture of a deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

50. If the licensee shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force it shall be lawful for the Deputy Commissioner to declare his license forfeited.

51. All sums payable by the licensee may be deducted from the amount of his deposit, or recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of Land Revenue.

52. Any sums deducted by the Deputy Commissioner, under the powers herein contained, from the deposit made by the licensee for the due performance of the lease, shall be replaced by him or his surety within fifteen days from the receipt of a notice from the Deputy Commissioner informing him of such deductions having been made.

53. The licensee shall be bound by any additional general rules which may, from time to time, be prescribed under the Excise Laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by him, deliver up his license for amendment or for the issue of a fresh license accordingly.

Dated day of 189 .

(1) Correspondence ending with the Excise Commissioner's letter No. 5546—233, dated 31st December 1897, stating, with reference to letter No. 5732—Ex. 205 of the 27th idem, that the Deputy Commissioners of Kadur, Hassan and Shimoga have been asked to hold in abeyance his orders on the subject of bagani toddy trees in coffee plantations, hittals and kans.

(2) Letter No. 6593—300, dated 4th March 1898, from the Excise Commissioner, soliciting orders as to whether bagani toddy shops are to be sold for 1898-99 under the Tree-tax system.

(3) D. O. addressed by the Secretary to Government, to the Deputy Commissioners of the Hassan, Shimoga and Kadur districts, intimating, with reference to Notification No. 10355—426, dated 27th April 1898, that bagani toddy shops are not to be sold pending disposal of the question under the consideration of Government, and requesting the issue of necessary instructions on the subject to the officers deputed for holding toddy sales.

(4) Letter No. 8149—474, dated 9th June 1898, from the Excise Commissioner, soliciting early orders for the sale of bagani toddy shops.

No. 11897-906—EX. 485, DATED BANGALORE, 20TH JUNE 1898.

ORDER THEREON.—Complaints have been received against the application of the Tree-tax system to bagani trees tapped for toddy in the malnad, upon the ground that it would interfere with the privileges of coffee planters and kan-holders. These complaints are for the most part due to a misapprehension of the system and of the manner in which it is proposed to work it in the malnad.

2. Coffee planters have full occupancy rights and the bagani and other toddy producing trees growing on their lands belong to them. They are at liberty to use, or dispose of, such trees in any way they choose, except to draw toddy from them, the manufacture of toddy without a license being prohibited by the Excise law. So far the case of coffee planters is identical with that of occupants of all Government land, but the coffee planter has conceded to him, under the terms of the coffee settlement, the special privilege of drawing toddy from bagani or other trees on his land "for domestic purposes such as the making of bread, &c." The kan-holder has the privilege "of drawing toddy from the toddy-yielding trees in his kan, only for the use of the members of his family but not for sale or for the use of his servants, labourers or other employes, the Government farmers of toddy vend being alone entitled to draw toddy for sale after obtaining the occupant's consent."

3. Under such circumstances, there is no objection to the introduction of the Tree-tax system into the malnad, due provision being made for the free enjoyment for *bond fide* purposes of the privileges above referred to. Such a measure is necessary to assimilate our system as far as possible with that in force in South Canara, and the Excise Commissioner is accordingly authorized to take the necessary steps to apply the Tree-tax system to the malnad in such a way as to avoid any increase of expenditure likely to make the net income lower than the average of the past three years and at the same time to provide for the due enjoyment of the privileges above referred to.

Letter No 7263—391, dated 9th May 1898, from the Excise Commissioner in Mysore, stating, with reference to this office memo No. 1372 of the 7th May 1898, that owing to paucity of date trees in several taluks of the Mysore State, toddy revenue has been suffering to a considerable extent, and requesting that the Deputy Commissioners may be authorized to grant Government waste lands to applicants for the purpose of planting date trees, where necessary, under the Rules in Appendix H of the Mysore Land Revenue Rules.

No. 12372-80—EX. 498, DATED BANGALORE, 30TH JUNE 1898.

ORDER THEREON.—The Rules in Appendix H are clear and there seems nothing to prevent the Deputy Commissioners from entertaining applications of the kind referred to above, provided that the lands proposed to be planted up are unassessed Government waste lands.

Annual Report on Government Gardens and Parks in Mysore for the official year 1896-97.

No. 11583-4—Ft. F. 15-95, DATED BANGALORE, 13TH JUNE 1898.

ORDER THEREON. —The report submitted by Mr. Cameron is, as usual, full and interesting. The year was one of steady progress, and the Public Gardens and Parks maintained their attractiveness. But owing to the dry weather which prevailed during a part of the year, the water-supply was affected to a large extent, the mango and other fruit crop was mostly a failure, and the trees and plants also suffered though not very seriously.

2. The Diamond Jubilee fetes were held in the Cubbon Park, which proved very convenient and suitable for the purpose.

3. Several additions and improvements to the Lal-Bagh were effected during the year, such as the completion of the new boundary wall, the erection of iron railings in certain places, the conversion of the old glass house into a cool orchid house, the completion of the golfing links, and the acquisition (by donations and by purchase) of several rare specimens of animals.

4. Many of the exhibits at the half-yearly winter and summer shows were below the average owing to the unfavorable season, but the shows were on the whole fairly successful.

5. Satisfactory progress was made in the cultivation of new trees and plants. Among fruit plants, the most important introduction consisted of four varieties of strawberry, the future of which Mr. Cameron regards with hope.

6. The receipts and expenditure of the various Government Gardens and Parks during the last two years were as given below:—

The following letter No. 4791—298, dated 30th April 1898, from the Conservator of Forests in Mysore, to the Secretary to Government, General and Revenue Departments—

I have the honor to submit for favor of approval and early notification in the *Gazette*, the boundary statements of the marginally noted Forests and Plantations in the Hassan district, received with District Forest Officer's docket No. 250, dated 12th instant (submitted in original to be kindly returned.)

Ramedevarahalli.
Kullenger Kodihalli
Hirikeri.
Gudalahalli.

Agrahar.
Mandira.
Kollabara.
Hongere.

2. These forests and plantations are reported to be free from private rights or privileges. The Ramedevarahalli Forest was brought under reservation and the boundaries thereof notified by the late Inspector General in July 1895. The others are old plantations with defined limits, except mandira, which is gomal land, comprising 90 acres thickly covered with gallnut trees recently made over to the Forest Department, the raiyats being given an equivalent gomal land in the adjacent abandoned Amrut Mahal kaval. In view of further development of revenue from this important product in the Hassan district, the reservation of gallnut tracts however small is deemed expedient.

No. 11656—Ft. F. 40-95, DATED BANGALORE, 14TH JUNE 1898.

ORDER THEREON.—The Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette* as recommended by the Conservator.

2. Under Section 9 of the Forest Rules of 1878, the proclamation of the demarcation and boundaries of every State Forest should be made in the taluk where the forest is situated. The Conservator is requested to see that this is done.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

No. 11709—**FT. F. 125-95**, DATED BANGALORE, 15TH JUNE 1898.

ORDER THEREON.—In the statement for the quarter ending 31st December 1896, no information has been given against the Mysore, Hassan and Chitaldrug Districts under columns 3 and 4 “Number of villages where enumeration was made” and “Area under sandal growth.” The figures for the Hassan District under the other columns are a mere repetition of those furnished for the quarter ending 30th September 1896, and are stated to be for 6 months from July to December 1896, though the statement purports to relate only to the quarter ending 31st December 1896. As a matter of fact, no enumeration work seems to have been done in this district during the quarter ending 31st December 1896.

2. Necessary information for the Kadar District ought to have been obtained and embodied in the statement for the quarter ending 31st March 1897.

3. The statements now received show the progress made in each quarter only. It would be more convenient if the information embodied in the statement for any one quarter was, not only for the particular quarter in question, but also from the commencement of the work of enumeration. Each statement will then show at a glance the total quantity of work done up to date. The Conservator is requested to report if the submission of such quarterly statements cannot be arranged for in future.

Petition of Appeal No. 1566—O. S. 47 of 1897-98, presented by Puttanna and his brother Shamaanna, residing in Chamarajpet, Mysore, against the judgment and * decree of the Deputy Commissioner, Mysore district, reversing the decree of the First Assistant Commissioner, Mysore district, in Revenue Regular Suit No. 5† of 1895-96, decreeing that the Plaintiffs are entitled to the shanbhogi of Lalamballi and five other villages in the Yedatore taluk.

*In Appeal No. 10 of 1896-97.

†Plaintiffs. (1) Puttanna. (2) Shamaanna.	Vs. 	Defendants. (1) Thammaiya. (2) Krishnaappa.
---	-------------	---

2. The records received with letter No. 837, dated 17th January 1898, from the Deputy Commissioner, Mysore district.

No. 11934—PET. F. 86-97, DATED BANGALORE, 21ST JUNE 1898.

ORDER THEREON.—The enquiry in this case has been defective. No witnesses were examined on either side. The Assistant Commissioner, who tried the case, dispensed with the examination of the witnesses of his own accord under the impression that the documents filed were sufficient to enable him to dispose of the case. The Government are, however, of opinion that some additional evidence is necessary for the right determination of the several questions raised by the pleadings of the parties, some of which are mixed questions of law and fact.

2. Plaintiffs' father Nannaiya was the original barawarddar of the shanbhogi office in dispute. Whether he was divided from Plaintiffs or not the proceedings do not disclose. It appears, however, that Plaintiffs' brother Sannaiya succeeded to the office in 1858 and after his death, in 1879, his minor son Nanjundaiya who was the last registered male owner of the hak. Whether Sannaiya and Plaintiffs were divided or undivided in interest does not also appear from the records. On the death of Nanjundaiya, which took place in 1883, his mother Nanjamma was, by an order of the Deputy Commissioner, dated 23rd October 1883, appointed barawarddar and permitted to have the duties performed by her son-in-law Narasimhaiya. The present Plaintiffs, Puttanna and Shamaanna, appealed to Government with the result that the Deputy Commissioner's order was affirmed. *Vide* Endorsement A.

3. Nanjamma took possession of the shanbhogi office adversely to Plaintiffs from 23rd October 1883, and this suit was laid on 9th October 1895, just a fortnight before the expiration of the 12 years prescribed by Article 124 of the 2nd Schedule appended to the Limitation Act. If the previous possession by Sannaiya and his son from 1858 to 1883 was also adverse to Plaintiffs, the claim would be completely barred. Whether Sannaiya and Plaintiffs were separated in interest would be relevant in this connection, but on this point no evidence was taken.

4. Nanjamma's hak was determined and she ceased to be barawarddar from 23rd December 1883 when Defendants were appointed as per Deputy Commissioner Mr. Ananda Rao's order. Whether on the happening of this contingency, *i. e.*, removal of Nanjamma's name from the register of barawarddars, Plaintiffs were entitled to step in as Nanjamma's reversioners or as the collateral heirs of Sannaiya, is the next question for consideration. Collaterals can only come in in the absence of lineal descendants. In the course of the argument, it was represented by Defendants that Sannaiya's daughter's son was forthcoming. This is also a point on which evidence has to be taken.

5. It is said that Defendants were appointed on their making good to Government certain sums embezzled by the gumasta of Nanjamma. What sums were actually embezzled and what portion thereof was recovered from Defendants and what portion from Nanjamma's property must be ascertained. Evidence will also be taken on this point to enable the Government to decide the question whether, in the event of Defendants having to vacate the office in favor of the legal heirs of Nanjamma, they are not entitled to be reimbursed the amount paid by them.

6. The case will be remanded to the lower appellate court for evidence being taken on all the points indicated above and resubmitted with distinct findings within two months from date of receipt of this order.

Petition No. 1233, dated 10th November 1897, from Lakshminappa, late shanbhog gumasta of Doddenbith sika in the Arsikere taluk, appealing against the order of the Deputy Commissioner, Hassan district, dismissing the petitioner from his post for failing to bring to notice a case of unauthorized cultivation of a portion of gomal Survey No. 65 of Guttnakere village by one Cheluva.

2. Petition No. 1253, dated 15th November 1897, from Cheluva, son of Bala Bora of Guttnakere village in the Arsikere taluk, appealing against the Deputy Commissioner's order directing the levy of eight years' assessment on the portion encroached upon by him together with a fine of equal amount and the value of the trees cut by him.

3. Correspondence ending with docket No. 1206, dated 14th June 1898, from the Deputy Commissioner, Hassan district, reporting on the above.

4. The records of the case.

In January 1897, the shikdar reported that Cheluva had been in unauthorized enjoyment of a portion of gomal Survey No. 65 of Guttnakere, for the last eight years, and that about 50 date plants standing thereon had been cut down by him. The mojamdar who was directed to measure the portion, reported that about 3 acres and 30 guntas out of Survey No. 65 had been cultivated by Cheluva, that 5 acres and 14 guntas were used by him for grazing his cattle, that in the latter portion there were about 70 or 80 date plants, and that the stems of date trees cut down were seen on the cultivated portion. The matter having been brought on the takhar takhta at the jamabandi of 1896-97 the Jamabandi Officer (Mr. Knight) directed, after local enquiry and inspection, the levy of assessment on the encroached portion for eight years and of the value of the trees cut down by Cheluva. He further directed the Amildar to submit an alienation statement for the portion encroached upon, with a view to confirm the land to Cheluva.

2. In the enquiry held on account of the villagers' protest against the proposed alienation, the Assistant Commissioner found that the extent of the portion encroached upon was not 30 guntas as stated by the shanbhog gumasta in the takhar takhta, but 9 acres and 4 guntas, and that the village officers did not place him in possession of all the facts at the jamabandi. He accordingly reported to the Deputy Commissioner that the conduct of the village officers was fraudulent and recommended that Cheluva might be granted under the Dakkhast Rules the portion actually cultivated by him, i.e., 3 acres and 30 guntas.

3. On this report the Deputy Commissioner directed the dismissal of the shanbhog gumasta and the suspension of the patel for two years.

4. As regards Cheluva, the Deputy Commissioner directed the levy of assessment on the portion encroached upon, together with a fine of equal amount and the value of the date trees cut by him, but refused to recommend to Government the grant of any portion of the gomal land for cultivation as it was likely to develop into a date grove. In reply to a reference from this office, the Deputy Commissioner reports that the assessment for eight years amounting to Rs. 91-14-8 has been recovered and that out of the fine and value of the trees, only a sum of Rs. 4-2-3 has been recovered, and that the petitioner has no other movable property left to him.

No. 12451-8—PET. 1533, DATED BANGALORE, 30TH JUNE 1898.

ORDER THEREON.—The shanbhog gumasta has been properly punished. His continuing in the office is quite improper. His appeal is accordingly rejected.

2. Cheluva has paid up the whole assessment and a portion of the fine has also been recovered. There are apparently no means of recovering the balance, which must be, and is hereby remitted.

3. Government desire to point out that Officers empowered to fine should exercise that power moderately. In the present case there is no doubt that the petitioner Cheluva was ruined on account of the excessive fine imposed upon him without a knowledge of his circumstances.

No. 12473—PET. 1539, DATED BANGALORE, 30th JUNE 1898.

ORDER THEREON.—The dispute in this case is as regards the pateli office of Kyatanahalli, Arsikere Taluk, Hassan District.

2. Hanumantegauda, the grandfather of plaintiffs, was the sannaddar in 1837. He died in 1854; subsequently his son, Nanjegauda, and defendant's father Gangegauda, jointly performed the duties. How Gangegauda, who was a stranger to the family of the original hakdar, came to be associated with Nanjegauda, the proceedings do not disclose. The entry in the Barabatali Register of 1864, however, shows that both plaintiffs' father Nanjegauda and defendant's father Gangegauda were joint officiators. They admittedly continued to be so till 29th November 1880, when the then Deputy Commissioner, Colonel Hill, in giving effect to the orders of Government which required the appointment of only one patel for each village, preferred, out of the two hissedars, defendant's father Gangegauda, on the ground that he was better able than the plaintiffs' father Nanjegauda to perform the duties of patel. Nanjegauda was referred to a regular suit. On the question of competency the Deputy Commissioner was the sole judge, and as Nanjegauda was apparently declared incompetent, and his eldest son, the 1st plaintiff, to whom accrued the cause of action or the right to succeed his father, was then a minor, no suit was brought during the life-time of Nanjegauda, who died in November 1896. Gangegauda also died about the same time. The present suit was instituted, on 5th February 1897, by 1st plaintiff Basavegauda (whose age is given in the plaint as 19) on behalf of himself and his two brothers, Hanumantegauda and Nagegauda, who are still minors, for a declaration of their title as hakdars to the office of patel in question, and for 1st plaintiff being regarded as the joint baravarddar with defendant.

3. The decree of the Assistant Commissioner, while affirming the plaintiffs' right, directed that 1st plaintiff Basavegauda be appointed joint baravarddar patel of the village of Kyatanahalli with the defendant, and that the names of the other plaintiffs be entered in the register as hissedars.

4. The Deputy Commissioner to whom both the parties appealed, confirmed the original decree with the modification that defendant should discharge the duties of Revenue patel as his father was sole patel since 1880, and as he (defendant) is also fit for the office, and that 1st plaintiff Basavegauda should officiate as the Police patel, the potigi being equally divided between them. In support of this modification the Deputy Commissioner quoted Government Proceedings No. 10267-75—R. 1055, dated 3rd January 1894, which laid down the rule that "when there are two hakdars for a single village, the Deputy Commissioners may appoint two patels, one for Revenue duties and the other for Police duties, and divide the potigis in the proportion of their shares in the hak". Against this decision both the parties have appealed.

5. The defendant's first and chief contention was that the suit was barred by limitation, as it was not brought within 12 years from 29th November 1880 when defendant's father was appointed sole officiator. The 1st plaintiff was a minor in 1880. He laboured under a legal disability till he attained his 18th year. According to the plaint he was only 19 when this suit was laid. He had three years from the date of his attaining majority to bring his suit. He became a major in 1896 and the suit was brought within the time allowed by the last clause of Section 7 of the Limitation Act. *Vide* also illustration (b) appended to that section. The objection as to limitation, therefore, falls to the ground.

6. On the merits of the case there can be no question that the deceased Nanjegauda and Gangegauda were joint hakdars or hissedars, and plaintiffs and defendant, as their legal heirs and descendants, must also be regarded as such. The Deputy Commissioner considers that both 1st plaintiff and defendant are competent to perform the duties of patel, and, in accordance with the rule laid down in para 3 of the Proceedings of 3rd January 1894, the principle of which was affirmed in a subsequent Proceeding No. 155—P. F. 1-95, dated 3rd July 1895, he has assigned the duties of Revenue patel to defendant and those of Police patel to 1st plaintiff. This would no doubt be an equitable arrangement under which justice will be done to both parties; but as the village is a very small one, and the potigi does not give even Rs. 5 a month, the Government consider it inexpedient to split it up. Until there is an improvement in the revenues of the village to admit of sufficient remuneration being paid to both so as to ensure efficient performance of the duties, the division of work proposed by the Deputy Commissioner must be held in abeyance. With this modification the Government resolve to affirm the Deputy Commissioner's decision and to dismiss these appeals.

The following Note No. 63, dated 23rd May 1898, from the Secretary to the Government of Mysore, for Railways.

" The accompanying file of papers relate to the land required by the Madras Railway Company for joint works at the Bangalore City Station. The land measures 3 acres and 325 guntas and is already in possession of the Southern Mahratta Railway Company, the same having been acquired by the Darbar at a cost of Rs. 4,126-8-10 before the Mysore State Railway was handed over to that Company for working.

" 2. The Resident has already been asked to move the Southern Mahratta Railway Company to formally make over the land to the Madras Railway Company and in the meantime I would beg of you to kindly permit me to authorize the Comptroller to relieve the Capital Account of the Mysore State Railway of the amount of compensation already paid and debited to that account. As all lands required by the Madras Railway Company are to be given free the amount will now have to be written back to General Revenue.

No. 523, DATED BANGALORE, 13th JUNE 1898.

ORDER THEREON.—The proposed transfer of the land is approved. The cost to be debited to General Revenues, Railway Capital Account being relieved of the same as above recommended.

Proceedings of the Government of Mysore

No. 311 M.—1897-98, dated Bangalore, 29th of June 1898.

The Government, having duly considered the draft rules under the Mysore Explosives Regulation, 1888, published with Notification No. 277 M.—1897-98, dated the 16th of May 1898, and the objections and suggestions received in respect thereof, are pleased to issue the following rules to come into force from the 1st of July next.

RULES UNDER THE MYSORE EXPLOSIVES REGULATION, 1888.

In exercise of the powers conferred by Sections 4, 5 and 6 of the Mysore Explosives Regulation 1888, the Government of Mysore are pleased to make the following rules to regulate the manufacture, possession, sale and transport of explosives in the Territories of Mysore.

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely:—

Class 1	...	Gunpowder.
Class 2	...	Nitrate-mixture.
Class 3	...	Nitro-compound.
Class 4	...	Chlorate-mixture.
Class 5	...	Fulminate.
Class 6	...	Ammunition.
Class 7	...	Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1.—Gunpowder Class.

The term “gunpowder” means exclusively gunpowder ordinarily so called.

Class 2.—Nitrate-mixture Class.

The term “nitrate-mixture” means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Fortis explosive,	Pyrolithe,
Poudre saxifragine,	Safety blasting powder,
Pydrolithe,	

and any preparation coming within the above definition.

Class 3.—Nitro-compound Class.

The term “nitro-compound” means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mixed or combined with other substances or not.

The nitro-compound class has two divisions:—

Division 1 comprises such explosives as—

Amberite No. 1,	Gelatine dynamite,
Ballistite,	Gelignite,
Blasting gelatine,	Glyoxiline,
Camphorated gelatine,	Lithofractum,
Carbonite,	Methylic nitrate,
Cordite,	Nitro-glycerine,
Dualine,	Stonite,
Dynamite,	

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Amberite No. 2,	Picrates,
Ammonite,	Picric acid (except in solution in water),
Bellite,	Picric powder,
Cotton gunpowder,	Roburite,
E. C. Powder,	Sawdust and Gun-cotton powder,
Gun-cotton, ordinarily so called,	Schultz's powder,
Gun-paper,	Tonite (or cotton powder),
Nitrated gun-cotton,	Xyloidine,
Nitro-mannite.	

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions:—

Division 1 comprises such explosives as—

Brain's blasting powder,	Horsley's blasting powder,
--------------------------	----------------------------

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Chlorated gun-cotton,
 Erhardt's powder,
 Hochstadter's blasting charges,
 Horsley's original blasting powder,
 Reichen's blasting charges,
 Reveley's powder,
 Teutonite,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions:—

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphide (sulfuret), with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adopted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting, or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog-signal, a shell, a torpedo, a war-rocket or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such

quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of one fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms, of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges. The term also includes rifle calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles or with machine-guns which have special chambers:—

The maximum gauge at which a small-arm cartridge can be accepted as "safety" is one inch.

The following are the gauges of the machine-gun cartridges which may be accepted as "safety":—

•303 inch cordite,

Martini-Henri rifle, solid case,

•45 inch Gardner, Gatling and Nordenfeldt, except Martini-Henri chambered guns •4-inch.

Cartridges of larger gauge are not safety cartridges.

The ammunition class has three divisions:—

Division 1 comprises exclusively—

Safety cartridges,

Safety fuzes for blasting,

Fuzes for shells and friction tubes for guns provided there be no more than five fuzes or 25 tubes in one package and that the package be a hermetically sealed metal cylinder,

Railway fog-signals,

Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small arms, which are not safety cartridges,

Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,

Shells and torpedoes containing any explosive,

Fuzes for blasting which are not safety fuzes—including electric fuzes which are not detonator fuzes,

Fuzes for shells,

Tubes for firing explosives,

War-rockets;

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1, such as—

Detonators,

Cartridges for small arms, which are not safety cartridges,

Fuzes for blasting which are not safety fuzes—including detonator fuzes,

Fuzes for shells,

Tubes for firing explosives;

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7.—Firework Class.

The firework class has 2 divisions.

Division 1.—Comprises “firework compositions,” that is to say, any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and any “star” and any colored fire composition which is not included in division 2.

Division 2.—Comprises “manufactured fireworks,” that is to say, any explosive of any of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, toy-cap or amorce, serpent, rocket (other than a war-rocket), maroon, lance, wheel, Chinese fire, Roman candle, or any other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals.

A substantially constructed and hermetically closed metal case containing not more than 1 lb. of colored-fire composition shall be deemed to be a manufactured firework and included in this division.

The 7th (firework) class shall not include any explosive or composition which is liable to ignite spontaneously whether it forms part of a manufactured firework or not or any manufactured firework which contains its own means of ignition but shall include amorces as herein defined.

Amorces (whether in the form of toy caps or igniting tapes) must consist of dots of one or other of the undermentioned compositions enclosed between two pieces of paper or separated by a sheet of paper or cardboard, in a proportion not exceeding seventy grains of such composition to every one thousand dots.

Composition (a).—A mixture of chlorate of potassium and amorphous phosphorus, with or without the addition of (1) nitrate of potassium, sulphide of antimony and powdered sulphur (free from acid), or (2) chalk, rye, flour and resin (sandarak), or (3) manganese and glue; provided that the amount of amorphous phosphorus present in the mixture shall in no case exceed the proportion of ten grains in one thousand dots.

Composition (b).—A mixture of chlorate of potassium and ferrocyanide of lead.

PROHIBITED EXPLOSIVES.

2. The manufacture, possession or importation of the following explosives is hereby prohibited under Section 5 of the Regulation, except under a license from the Government of Mysore, but the manufacture and possession of such explosives at any place is permitted so far as is necessary, in the course of the manufacture at such place under license of the Government of Mysore, of other explosives.

List of prohibited explosives—

- (1) Nitro-glycerine and all other liquid explosives.
- (2) All explosives belonging to the 3rd (nitro-compound) class which are of inferior quality or have become deteriorated in any way.
- (3) Fortis explosive and ammonite.
- (4) All explosives belonging to the 4th (chlorate-mixture) class (except such as the Government of Mysore may hereafter notify in the Official Gazette and which have not become deteriorated in any way).
- (5) All explosives belonging to the 5th (fulminate) class.
- (6) All explosives belonging to the 6th (ammunition) or 7th (firework) class which contain prohibited explosives (except explosives of the 6th class containing explosives of the 5th class for the purpose only of developing detonation and except amorces).

MANUFACTURE, POSSESSION AND SALE.

(a) General Rules.

3. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

- (a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or,
- (b) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

4. If any person manufactures an explosive in contravention of Rule 3, he shall be punished with fine which may extend to three thousand rupees.

5. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

- (1) to a person possessing for his private use and not for sale—

- (a) Gunpowder to an amount not exceeding on the same premises, 30 lbs., or in lieu of the said quantity of gunpowder, 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive.
- (b) 150 lbs. of any explosive contained in ammunition of the 1st division of the 6th (ammunition) class.

But so that in the case of any explosive other than gunpowder or an explosive of the 1st division of the 6th (ammunition) class, the person so possessing the same must within 12 months previously have obtained a certificate from a Superintendent of Police that he is a fit person to keep such explosive. A fee of four annas shall be paid for such certificate.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorize the possession for private use—

- (a) of any explosive whereof the possession has been prohibited absolutely by notification under Section 5 of the Regulation; or,
- (b) where the possession of an explosive has by notification under that section been prohibited subject to conditions, of any such explosive except subject to those conditions.

- (2) to the possession of an unlimited quantity of fireworks belonging to the 2nd (manufactured fireworks) division of the 7th (firework) class, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precaution for the public safety: and if information has been previously given to an Inspector of Police of the Taluk in which the place is situated, of the intended possession of such fireworks if exceeding 20 lbs.

- (3) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with these rules.

6. If any person possesses an explosive in contravention of Rule 5, he shall be punished with fine which may extend to one thousand rupees.

7. An explosive shall not be sold except under and in accordance with the conditions of a license to sell the explosive granted under these rules.

Exceptions.—(1) This rule shall not apply to any person selling any explosive, which for his own private use he lawfully possesses, to any person who is not legally prohibited from possessing the same.

(2) This rule shall also not apply to any person who delivers explosives to those who contract to do work for him, for use in such work, although, in paying for such work, he may make a charge for the explosive so used,—provided that such explosive is used and stored under his own supervision.

8. If any person sells an explosive in contravention of Rule 7, he shall be punished with fine which may extend to five hundred rupees.

(b) *Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.*

9. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th (ammunition) class or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted by the District Magistrate:

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200 lbs. of gunpowder, 500 lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200 lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

10. The following fees shall be paid for every license granted under the last foregoing rule, namely :—

- (1) a fee of twenty rupees for every license to manufacture, possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;
- (2) a fee of ten rupees for every license to manufacture, possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;
- (3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ;
- (4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;
- (5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;
- (6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ; and
- (7) a fee of eight annas for every license to possess explosive.

11. Every license granted under Rule 9 shall be in Form A, B, or C, in the schedule hereto annexed as the case may be, and shall be subject to the conditions prescribed therein.

12. If any person commits a breach of any condition subject to which a license under Rule 9 is granted, he shall be punished with fine which may extend to five hundred rupees, and an additional sum of one hundred rupees for each day that such breach shall continue after he shall have been required to rectify the same by a District Magistrate or any subordinate Magistrate or any Police Officer, not below the rank of an Inspector, authorized in this behalf by a District Magistrate or by any person authorized by the Government by Mysore to inspect explosives, but so that the total amount of such fine shall not exceed the maximum fixed by the Regulation.

(c) *Licensing of the manufacture of other explosives.*

13. Licenses to manufacture explosives other than those referred to in Rule 9 shall be granted by the Government of Mysore on payment of such fees in such form for such term and subject to such conditions as the said Government may in each case prescribe: provided that the said Government shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

14. If any person commits a breach of any condition subject to which a license under Rule 13 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) *Licensing of the possession of small quantities of explosives.*

15. Licenses for the possession at such places as shall be approved by the licensing officer of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall, if the quantity to be possessed at the same time does not exceed 60 lbs., be granted by the District Magistrate.

16. Every license granted under Rule 15 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

17. If any person commits a breach of any condition subject to which a license under Rule 15 is granted, he shall be punished with fine which may extend to one thousand rupees.

(c) Licensing of the possession of any specified explosives.

18. Licenses for the possession of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall be granted by the Government of Mysore in accordance with the following procedure:—

- (1) The applicant shall submit to the District Magistrate an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.
- (2) The application shall specify such of the following matters as are applicable, namely:—
 - (a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear and the buildings and works from which it is to be kept clear or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;
 - (b) the situation, character, and construction of all the mounds, buildings and works on or connected with the magazine, and the distances thereof from each other;
 - (c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and
 - (d) any special terms which the applicant may propose by reason of special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise
- (3) Upon receipt of the said application—
 - (a) The District Magistrate shall cause a notice of the application to be published, in the Official Gazette or otherwise, calling upon any person who may have objections to the establishment of the magazine in question on the proposed site, to deliver a written statement of such objections to the said District Magistrate on or before a given date, not less than fifteen days from the date of the publication of the notice.
 - (b) Where the site of the proposed magazine is situated within, or within one mile of, the limits of the jurisdiction of any municipality, the applicant shall serve on such municipality notice of the application and of the date of hearing by the District Magistrate.
 - (c) The District Magistrate shall either inspect the site of the proposed magazine himself, or shall require a report by the Sub-Divisional Magistrate within whose jurisdiction it is situated, after personal inspection.
 - (d) If any statement of objections is received, the District Magistrate shall fix a day as early as practicable after the expiration of the month required under (a) for hearing the objectors, and shall give notice thereof to them and to the applicant.
 - (e) After hearing the objectors, if any, and making any further inquiry which he may think necessary, or, if no statement of objections is received, after the inquiry required by (c), the District Magistrate shall forward the application to Government, with a report of the proceedings taken of the particulars of the objections, if any, and with his own opinion and recommendation on the whole case. The Government may, thereupon, either grant the license applied for, either in accordance with the recommendation of the District Magistrate, or with the addition of any additional restrictions and precautions as may be deemed proper, or may refuse the license.
 - (f) If the Government grant a license, it shall forward the same to the District Magistrate, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but, until so confirmed, the license shall not come into force.
- (4) So much of the provisions of sub-rule (3) hereinbefore contained as require a notice of the application to be published or to be served on

any municipality or as provides for the delivery of statements of objections or the hearing of objectors, shall not apply to an application for a license for the possession of any specified explosives in cases where the magazine for the storage of the same has been constructed previously to the 15th of June 1898.

- (d) In the Bowringpet taluk and in such other mining localities as may hereafter be notified in the Official Gazette the application shall be addressed to the Inspector of Mines under the Mysore Mines Regulation, 1897, who shall exercise the powers of the District Magistrate under this rule.

19. A fee of twenty rupees shall be paid for every license granted under Rule 18.

20. Every license granted under Rule 18 shall be in Form E in the schedule hereto annexed, and shall be subject to the conditions prescribed therein.

21. If any person commits a breach of any condition subject to which a license under Rule 18 is granted, he shall be punished with fine which may extend to one thousand rupees.

(f) Licensing of the sale of explosives.

22. Licenses for the sale of explosives may be granted by the District Magistrate to any person licensed to possess the same.

23. A fee of twenty rupees shall be paid for every license granted under Rule 22.

24. Every license granted under Rule 22 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

25. If any person commits a breach of any condition subject to which a license under Rule 22 is granted he shall be punished with fine which may extend to five hundred rupees.

(g) Supplementary.

26. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in connection with his magazine or licensed premises he fills for sale or otherwise any cartridge for small arms with the said explosive, provided that he observes the following regulations, namely:—

- (1) there shall not be in the room in which such filling is being carried on more than 5 lbs. of gunpowder or 3 lbs. of any other explosive, except it be made up into safety cartridges; and
- (2) any work unconnected with the making of the cartridges shall not be carried on in the room while such filling is being carried on;
- (3) there shall not be in the room while such filling is being carried on any fire or any artificial light except a light of such construction, position and character as not to cause any danger of fire or explosion;
- (4) the room in which the filling is carried on shall be detached from the magazine, but in the immediate neighbourhood thereof, and at such distance therefrom as may be specified in the endorsement hereinafter referred to;
- (5) the licensee shall previously give notice to the authority which grants his license that he intends to carry on such filling of cartridges as is allowed by this rule and have the license endorsed by such authority.

27. A person licensed to possess an explosive shall not be required to take out a license for manufacture by reason that in connection with his magazine or licensed premises, he, by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the said explosive for use exclusively in his mine or quarry or in some excavation or work carried on by him, or under his control, provided that he observes the following regulations, namely:—

- (1) There shall not be in the workshop in which such adaptation or preparation is carried on more than 100 lbs. of gunpowder or 25 lbs. of any other explosives.
- (2) Any work unconnected with such adaptation or preparation shall not be carried on in the said workshop while such adaptation or preparation is being carried on.

- (3) The said workshop shall be detached from the magazine, but in the immediate neighbourhood thereof and at such distance therefrom as may be specified in the endorsement hereinafter referred to.
- (4) An explosive of one description shall not be converted into an explosive of another description and shall not be un-made or resolved into its ingredients.
- (5) The licensee shall previously give notice to the authority which grants such license that he intends to carry on such adaptation or preparation as is allowed by this rule and have the license endorsed by such authority.
- (6) The provisions of sub-rules (3) and (5) shall not apply to the fitting of the fuse and detonator into the explosive, but such operation shall not be carried on in the magazine.

TRANSPORT.

(a) *Licensing.*

28. No explosive need be transported under license except where such license is required under the Mysore Arms Regulation 1890, and the rules made thereunder.

(b) *Packing.*

29. The following regulations shall be observed with respect to the packing of explosives for conveyance :—

I. Each class of explosive shall be separately packed.

II. An explosive not being an explosive of the 2nd and 3rd divisions of the 6th (ammunition) class or of the 1st division of the 7th (firework) class, shall, if not exceeding 1 lb. in the case of explosives of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, and in the case of other explosives not exceeding 5 lbs. in quantity, be contained in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping.

III. In every other case, the explosive shall be contained in a double package. The inner package shall be a substantial case, bag, canister, or other receptacle, made and closed so as to prevent the explosive from escaping, and the outer package shall be a box, barrel, or case of wood or metal or other solid material and shall be of such strength, construction and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow the explosive to escape. Provided as follows :—

- (a) If the explosive is of the 1st (gunpowder) class or the 2nd (nitrate-mixture) class or the 2nd division of the 3rd (nitro-compound) class, the quantity of explosive in any one outer package shall not, in the case of explosive of the first two classes, exceed 100 lbs., and in other cases 50 lbs. If the explosive is picric acid, the inner package must be of such a nature as to effectually prevent any picric acid from coming into contact with any basic metallic oxide.*
- (b) If the explosive belongs to the 1st division of the 3rd (nitro-compound) class or to the 4th (chlorate-mixture) class, the inner package shall be without any metal in its construction, and the inner or outer package or both shall be thoroughly water proof. No one of the inner packages shall contain more than 10 lbs., and the aggregate quantity of the explosive in any one outer package shall not exceed 50 lbs. But water-proof packing will not be required in the case of (i) explosives of the 2nd division of the 4th (chlorate mixture) class or of (ii) ballistite, blasting gelatine, camphorated gelatine, cordite, gelatine dynamite, gelignite and such other explosives

*Note.—This rule is intended to prevent picric acid being packed in a case lined with certain metals, such as zinc or lead, which would result in danger arising from the formation of a picrate. Water proof bags inside powder barrels are suggested as a simple and safe method of packing picric acid for transport or storage.

which do not yield up the nitro-glycerine in contact with water, as the Government of Mysore may hereafter notify in the Official Gazette.

- (c) [1.] If the explosive belongs to the 1st division of the 6th (ammunition) class, it shall be contained in a box, barrel, or case of wood, metal or other solid material and of such strength, construction, and character that it will not be broken or accidentally opened or become defective or insecure while being conveyed and will not allow any explosive to escape.

[2.] If the explosive belongs to the 2nd division of the 6th (ammunition) class, the following rules shall apply, *viz* :—

- (i) A shell or torpedo containing any explosive material, whether such shell or torpedo be separate or form part of a rocket or other appliance, shall be packed in such manner as may be specially directed by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

- (ii) Any explosive material when made up into a cartridge or charge for cannon, shells, mines, blasting, or other like purposes, shall be packed in the manner required for the same explosive material when not so made up.

Provided that where a double package is required, the enclosing case of such cartridge or charge, if it satisfies the conditions required for the inner package, may be held to be such inner package.

- (iii) Any other explosive of the 2nd division shall be packed in a box, barrel, or case of wood, metal or other solid material, and of such strength, construction, and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow any explosive to escape: and any one such package shall not contain more than 100 lbs. of ammunition except with the consent of and under conditions approved by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

- (d) If the explosive belongs to the 3rd division of the 6th (ammunition) class, it shall be packed in a double package. The inner package shall not contain more than 2 lbs. of such explosive and not more than 80 lbs. shall be contained in the outer package.

- (e) If the explosive belongs to the 1st division of the 7th (firework) class, it shall be contained in a double package. The inner package shall be a substantial canister, case or other receptacle hermetically closed, and containing no more than 1 lb. of explosive, and no more than 20 lbs. shall be contained in the outer package; and

- (f) If the explosive belongs to the 2nd division of the 7th (firework) class it shall be contained in a box, barrel or case of wood, metal or other solid material, and of such strength, construction and character that it will not be broken or accidentally opened or become defective or insecure whilst being conveyed, and will not allow any explosive to escape, and the quantity of explosive in any one package shall not exceed 100 lbs.

IV. Whatever be the amount of the explosive and to whatever class or division of a class it belongs, the following conditions shall be observed :—

- (a) The interior of every single, or inner or outer package, shall be kept free from grit and otherwise clean;
- (b) Every package, whether single or double, when actually used for the packing of an explosive, shall not be used for the packing of any other explosive of the same or any other class or for any other purpose, except with the consent specially obtained from and under conditions approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives;

- (c) There shall not be any iron or steel in the construction of any single or inner or outer package unless the same is effectually covered with tin, zinc, or other suitable material;
- (d) On the outermost package there shall be affixed, in conspicuous characters by means of a brand or securely attached label or mark, the word "Explosive" followed by the name of the explosive or other description of the contents, and the name and address of the owner or sender, and a red circle 1½ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package permit.
- (e) The amount of explosive in any single package, or, if there is a double package, in any one inner or outer package, shall not exceed the amount specified in the foregoing regulations, except with the consent of and under conditions to be approved by a person specially authorised by the Government of Mysore to inspect explosives.

V. In special cases the Government of Mysore or any person specially authorised by that Government to inspect explosives may allow explosive to be transported when packed according to the packing rules of the country where it was manufactured.

30. If any person commits a breach of any of the foregoing regulations relating to the package of explosives for conveyance, he shall be punished with fine which may extend to one thousand rupees.

(c) Mode of conveyance.

31. The following regulations shall be observed with respect to the conveyance of explosives—

- I. No explosive shall be conveyed from place to place unless packed in the manner provided for in Rule 20.
- II. There shall not be conveyed in any carriage or boat, which is being used for the conveyance of an explosive, any explosive of a different class and division of whatsoever nature, which contains its own means of ignition unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.
- III. No explosive shall be loaded or unloaded except between sunrise and sunset, but this regulation does not apply to explosives which fulfil the conditions laid down in Rule 32, Regulation I.
- IV. Whilst the explosive is being loaded on, or unloaded out of any carriage or boat, no fire or artificial light nor any article which is liable to cause or communicate fire or explosion—such as charcoal, lucifer matches, articles for striking a light, petroleum, or any spirit or oil or substance liable to give off an inflammable vapour at the temperature below 125° Fahrenheit—shall be, or shall be allowed to be brought, had or used dangerously near to such carriage or boat, and no smoking shall be allowed in, on or dangerously near to the same; provided that when the use of a light for the purpose of such loading or unloading is unavoidable, a lamp of such construction, position and character as not to cause any danger from fire or explosion may be used, and no person while handling any explosive—except explosive of the 1st Division of the 6th (ammunition) class or the 2nd (manufactured firework) division of the 7th, (firework) class, if packed in accordance with the packing rules—shall wear boots or shoes with iron or steel nails, heels or tips.
- V. In loading or unloading any explosive, the casks and packages containing the same shall be passed from hand to hand and not rolled upon the ground; they shall not be thrown or dropped down, but shall be carefully deposited and stowed.
- VI. The explosive shall not be conveyed except in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a boat having a deck so closed as effectually to protect the explosive against accident by fire from without. If the explosive

cannot be so secured, it shall be completely covered with painted cloth, tarpaulin or other suitable material so as to effectually protect it against communication of fire.

VII. There shall not be any iron or steel in the interior of the portion of the carriage or boat with which the case containing the explosive is or may come in contact, unless the same be effectually covered with leather, wood, cloth or other suitable material.

VIII. In stowing explosive due precautions shall be taken by means of partitions or otherwise and by careful stowing to secure such explosive from being brought into contact with, or endangered by any other article or substance conveyed in such carriage or boat which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

IX. The amount of explosive conveyed in any one carriage or boat at any one time shall not exceed 2,000 lbs., unless the carriage be so enclosed on all sides with wood or metal, or the boat have a deck so closed, as effectually to protect the explosive against accident by fire from without, in which case the amount of explosive conveyed shall not exceed the following:—

In any one carriage on a railway	..	..	10 tons.
In any one other carriage	..	..	2 tons.
In any one boat	..	..	10 tons.

This regulation must be read subject to Regulation XVI contained in Rule 35 dealing with the conveyance of explosives by railway.

X. Nothing in Regulations III, VI, VII, and IX, contained in this rule shall apply to any explosive of the 1st division of the 6th (ammunition) class, provided all due precautions are taken for the prevention of accidents.

32. The following regulations shall be observed with respect to the conveyance of explosives otherwise than by railway:—

I. No explosive shall be conveyed in a carriage or boat whilst carrying or plying for public passengers, unless the quantity be less than 20 lbs. of explosive of the 1st division of the 6th (ammunition) class, 10 lbs. of explosive of the 2nd division of the 7th (firework) class, or 5 lbs. in the case of other explosives, and notice has been given beforehand to the person in charge of such carriage or boat: provided that there shall not be conveyed in any such carriage or boat, any explosive of the 3rd (nitro-compound) class, the 3rd division of the 6th (ammunition) class or the 4th (chlorate-mixture) class except—

(i) Detonators packed in saw dust or other similar material to the number of 200, provided that the amount of explosive of the 5th (fulminate) class in the detonators shall in no case exceed in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

(ii) Blasting gelatine, camphorated gelatine, gelatine dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as the Government of Mysore may hereafter notify in the Official Gazette, which may be carried in the form of cartridges up to the limit of 5 lbs.

II. The person in charge of carriage or boat containing explosive shall not drive or conduct the same in a dangerous or reckless manner and shall take all due precautions to avoid fire and explosion and no person shall do any act or thing in relation to the explosive which tends to cause fire or explosion, and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance, and a person who is intoxicated

shall not have charge of any carriage or boat conveying explosive and shall not be permitted to be in or on or attending the same.

- III. With respect to the conveyance by carriage or boat of explosive of the 2nd or 3rd division of the 6th (ammunition) class or of the 1st division of the 7th (firework) class or of larger quantities than 20 lbs. of explosives of the 1st division of the 6th class or 5 lbs. of explosive of the 2nd division of the 7th class or than 2 lbs. of any other explosive, the following regulations shall be observed:—

(1) A person shall not forward to any warehouseman or a carrier a consignment of explosive, unless he has given notice to such warehouseman or carrier beforehand stating the name and quantity of the explosive proposed to be conveyed, and the name and address of the proposed consignee, and has had an intimation that the warehouseman or carrier is prepared to receive the consignment; and a warehouseman or carrier shall not make such an intimation, nor receive such consignment, unless he is prepared to receive it, and forthwith to despatch the same or to deposit it in a magazine or at a place at which a person is licensed or authorized to possess the same.

(2) The carriage or boat conveying the explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons, and such persons shall not stop or delay on the way except in such cases and for such periods as are actually necessary and in no case where such stopping would be attended with special public danger.

33. The following regulations shall be observed with respect to the conveyance of explosives by railway:—

- I. No person shall send for carriage upon any railway any consignment of an explosive unless he has given to the officer in charge of the railway station previous notice in writing, which at the option of the Railway Administration may extend to 48 hours, of his intention to send such consignment, and stating the true name, description, quantity and mode of packing of the explosive proposed to be conveyed and his own name and address and also the name and address of the proposed consignee, and unless he has had an intimation in writing from an authorized officer of the railway that such consignment will be received.
- II. No explosive which a Railway Administration shall by any notice or regulation, for the time being in force, notify that they will not receive, shall be brought, sent or forwarded to, or upon any railway of the said Railway Administration.
- III. Consignments of explosives shall be sent to the forwarding station and shall be received by the railway servants, only at such times, between sunrise and sunset, as the Railway Administration may appoint; and every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station.
- IV. An explosive shall be removed by the consignee from the receiving station during the twelve hours of daylight after arrival. If this condition is not strictly complied with, the Railway Administration may return the consignment to the consignor at his risk and expense; and it shall in the meanwhile be kept as far away from the station buildings as possible in the waggon it was conveyed in or, if unloaded, shall be completely covered with tarpaulins or other suitable material, and, if necessary, shall be protected by a police guard.
- V. The Railway Administration may refuse to receive any package which they suspect to contain any explosive packed or sent in contravention of the regulations contained in these rules. And in case any package, which the Railway Administration suspect, shall be upon any railway, they may open or require to be opened any such package, to ascertain the fact, at the risk and expense of the consignor, and may return the explosive contained in the package

- to the consignor, at his risk and expense, keeping the package pending such return in the manner prescribed in the preceding rule.
- VI. All gunpowder under despatch or receipt by a Government arsenal, depot or factory shall be loaded or unloaded in the railway vans by Government servants employed in such arsenal, depot, or factory.
- VII. Subject to the exceptions provided for in clause (e), no explosive shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this regulation.
- (a) Safety cartridges for small arms and percussion caps for small arms and safety fuzes for blasting, also fog-signals for railway use may be conveyed by passenger train in ordinary waggons or carriages.
 - (b) Detonators packed in sawdust or other similar material to the number of 200 may be carried, provided that in no case the amount of explosive of the 5th (fulminate) class in the detonators exceeds in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.
 - (c) Blasting gelatine, camphorated gelatine, gelatine-dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as are notified under the provisions of Regulation 1 of Rule 32 may be carried in the form of cartridges up to the limit of 5 lbs.
 - (d) Sporting gunpowder or non-safety cartridges packed in double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark-proof; or in metal-lined cases of a pattern approved by the Railway Administration. But no outer cases shall contain more than 25 lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80 lbs.
 - (e) Explosives may be carried by mixed trains on any line on which purely goods trains are not running, subject to the following conditions:—
 - (1) that not more than one vehicle containing explosives is forwarded at any one time by a mixed train;
 - (2) that the precautions prescribed for conveyance by goods train are observed;
 - (3) that the waggon containing the explosives is always placed behind the carriages for passengers and separated from them by at least four intervening waggons;
 - (4) that immediately a waggon containing explosives arrives at a section more than 5 miles in length on which purely goods trains are running, it is detached from the mixed train.
- VIII. Every waggon used by a railway for the transport of explosive shall be furnished with sufficient means for firmly securing the packages from movement during transit.
- IX. Not more than five carriages containing explosives shall be loaded or unloaded at any railway station, or be conveyed by any one train at any one time; and the quantity of explosive to be contained in any one carriage shall not exceed two-thirds of the normal load, unless the carriage shall be specially built for the conveyance of explosives and approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives. But nothing in this clause shall be held to apply to separate consignments of safety cartridges for small arms.
- X. There shall not be conveyed in the same carriage with any explosive, any lucifer or other matches, fuzes, pipe-lights, acids, naphtha, paraffine, petroleum or any other volatile spirit or substance liable

to give off an inflammable vapour at a temperature below 125 degrees Fahrenheit, or, otherwise liable to spontaneous ignition, or to cause or communicate fire or explosion.

- XI. The consignor shall attach to the consignment note a certificate or, provided the original is produced for verification, a copy of a certificate signed by a person authorized by the Government of Mysore in this behalf or by any person authorized to give such a certificate in British India that the explosive, if it is an explosive of the 2nd (nitro-compound) class or the 4th (chlorate-mixture) class, is of the standard purity and has undergone no deterioration since its manufacture; and further, in the case of explosives of the 1st division of the 3rd class, that the cartridges have been examined and show no signs of exuded nitro-glycerine or other liquid nitro-compound or of liquifaction. The consignor shall also certify that the explosive has been packed in accordance with the packing rules of Mysore or of the country where it was manufactured.

The certificate above mentioned shall contain sufficient information to admit of all packages being easily recognised.

- XII. In the case of explosives belonging to the 3rd (nitro-compound) class, or the 4th (chlorate-mixture) class, the outer package shall be marked with the dates of the manufacture, packing and examination of the explosive.
- XIII. The certificate referred to in Regulation XI shall be valid for six months after date; but nevertheless any Railway Administration which accepts the explosive for transport may demand a fresh certificate for explosive presented for conveyance between 1st of April and the 15th of October (both inclusive).
- XIV. Packages containing explosives of the 3rd (nitro-compound) class, the 4th (chlorate-mixture) class, the 2nd and 3rd divisions of the 6th (ammunition) class or the 1st (firework composition) division of the 7th (firework) class shall be stowed in one layer only and secured so as to prevent movement during transit. The gross load in any one waggon shall not exceed 3 tons. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit, they may be stowed in any number of layers not exceeding five; the gross load in any one waggon shall be limited to 5 tons.
- XV. No explosive belonging to the 3rd division of the 6th class shall be carried in the same train with any explosive belonging to the 3rd class or the 4th class.
- XVI. Packages containing explosives of other than those referred to in Regulation XIV shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit they may be in any number of layers not exceeding five. In the case of safety cartridges packed in tin-lined service-pattern boxes there is no restriction.
- XVII. Waggons used for the carriage of explosives shall be examined to see that they are spark-proof, and have been cleaned out before they are loaded. Hair-cloth, hides, or other suitable material shall be spread on the floor of the waggon and between each layer of packages, except when the packages are covered with gunny or felt; or contain safety cartridges for small arms, packed in tin-lined service-pattern boxes.
- XVIII. Waggons containing explosives shall be loaded and unloaded on sidings distant as far as possible from the station buildings.
- XIX. The loading and unloading of explosives when once begun shall be diligently proceeded with between sunrise and sunset until the same is completed.

- XX. When the train is being marshalled, waggons loaded with explosives may be shunted by a locomotive, provided that they are separated from the engine by not less than three waggons containing no explosive, nor easily inflammable substance; this precaution is not necessary with waggons specially constructed for the carriage of explosive. The speed of these movements shall be restricted to 5 miles an hour; they shall be superintended by a duly authorized officer, who will be held responsible for the observance of these orders. Flying shunts are strictly prohibited.
- XXI. Waggons containing explosives shall be placed at the end of the train, away from the locomotive, and shall be close coupled to one another, as well as to the adjoining waggons, and must be preceded and followed by three waggons not loaded with explosive or other traffic of an inflammable nature.
- XXII. If the waggons employed in the transport of explosive or immediately adjoining them, are provided with brakes, the brakes shall on no account be worked while such waggons are running.
- XXIII. Waggons must in every case be locked when loaded with explosives.
- XXIV. All operations connected with the transshipment of explosives at junction stations shall take place during daylight.
34. If any person commits a breach of any of the foregoing rules relating to the mode of conveyance of explosives, he shall be punished with fine which may extend to one thousand rupees for each such offence.

GENERAL.

35. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

36. If a person licensed to manufacture, possess or sell an explosive, die or become bankrupt, or become mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Regulation or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

37. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall, if not otherwise provided, be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; the licenses themselves being issued on plain paper. But when the licenses themselves are written or printed on impressed stamps, the application may be on plain paper. When an application for a license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

38. All licenses, except licenses to manufacture an explosive under Rule 13, shall expire on the 31st of December of the year for which they are granted. Licenses granted under Rule 13 shall be current for the term therein specified. But a license may, unless the circumstances have so changed that the grant of a new license would either not be authorized under the Regulation and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

39. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

40. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate, or by any Police officer in charge of a police station, or by any Police officer of higher rank or by any person authorized by the Government of Mysore to inspect explosives.

41. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Government.

42. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Mysore Arms Regulation, 1890.

43. It shall be lawful for the District Magistrate or for any subordinate Magistrate or Police officer not below the rank of an Inspector deputed in this behalf by the District Magistrate, or any person authorized by the Government of Mysore to inspect explosives,

- (a) to enter, inspect and examine any house, erection or other place or any cart, truck, boat or other vehicle in which explosive is being manufactured, possessed, used, sold, or transported, or in which they have reason to believe that explosive is being manufactured, possessed, used, sold, or transported;
- (b) to search for explosives therein;
- (c) to take samples of any explosives found therein on payment of the value thereof;
- (d) at their discretion to seize, detain, remove and, if necessary for the public safety, destroy any explosive found therein in respect of which there is reason to believe that the provisions of the Regulation or of these rules have been contravened.

District, } (Seal.) (Signature.)
1

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1878," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales in such form as the Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police officer not below the rank of Inspector, or any person authorized by the Government of Mysore to inspect explosives, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a tent or any lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distance :—

(a) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards,

(b) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. Explosive shall not be sold to any child apparently under the age of 13 years.

7. Explosive possessed by the licensee shall be kept in a substantially constructed unflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distances laid down in condition 4, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st division of the 7th (firework) class, or in lieu of each pound of gunpowder or of such explosive, 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building, which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive, nor the fire-proof safe or receptacle referred to above shall have any exposed iron or steel (except machinery necessary for the manufacture) in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

10. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive" in the following languages

.....in conspicuous characters with a red circle $1\frac{1}{2}$ inches in internal

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive in stock and of all sales, in such form as the Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books and records of sales to any Magistrate or to any Police officer not below the rank of Inspector or any person authorized by the Government of Mysore to inspect explosives, when such officer may call upon him so to do.

4. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

5. Explosive shall not be sold to any child apparently under the age of 13 years.

6. The explosive shall be kept in a substantially constructed unflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distance:—

(a) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards,

(b) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st division of the 7th (firework) class or, in lieu of each pound of gunpowder or of such explosive, 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building, which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

7. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe or receptacle containing the same.

8. Neither the building exclusively appropriated for the purpose of keeping the explosive, nor the fire-proof safe or receptacle referred to above, shall have any exposed iron or steel in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

9. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and, if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive" in the following languages

.....
in conspicuous characters with a red circle $1\frac{1}{2}$ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package or receptacle will permit.

10. Each description of explosive which may be kept under this license shall be separated by an intervening partition of such substance and character, or

by such intervening space as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class may however be kept together and gunpowder may be kept with safety fuzes.

11. *The license-holder shall affix to his shop or place of business a signboard as required by Rule 7 of the rules framed under the Mysore Arms Regulation, 1890, and shall post up in his shop a copy of Section 23 of that Act in the languages above mentioned.

12. *The license-holder shall at the time of purchase endorse upon the license or every purchaser holding a license under Form IV, V, VI or VII of the forms prescribed under the Mysore Arms Regulation, 1890, or Form C or D in the schedule to the rules under the Mysore Explosives Regulation, 1888, the following particulars:—

- (a) the name and address of the person who takes delivery of the articles sold;
- (b) the nature and amount of the articles sold;
- (c) the date of sale;

and shall append his signature to the endorsement.

*These conditions are to be added only when the authority granting this license directs, by an order written thereon, that it shall have the effect of a like license granted under the Mysore Arms Regulation, 1890.

FORM E.

(See Rule 18.)

[Fee twenty rupees in stamps.]

License to possess specified explosives.

Name of licensee-holder and residence.	Boundaries of the land forming the site of the magazine to which the license applies.	Situation, character and construction of the building, and works connected with the magazine.	Description of explosive to be possessed.	Amount of explosive to be possessed at the same time in the magazine and with in the boundaries of the site thereof.	Date on which license expires.
District,		(Seal.)	(Signature.)		
1			of		

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for work connected with, the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean: and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor the conductivity of which shall be tested at least once a year.

6. Before repairs are done to or in any room or part of the magazine, it shall, as far as practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to such room or part of the magazine until explosive is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and other similar means, for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, and character, as not to cause any danger of fire or explosion and which shall be approved by a person specially authorized by the Government to inspect explosives.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications:—

- (a) The various explosives of the 1st (gunpowder), 2nd (nitrate-mixture) 3rd (nitro-compound), and 4th (chlorate-mixture) classes, safety fuzes belonging to the 1st division of the 6th (ammunition) class, and such of the various explosives of the 2nd division of the same class as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
- (b) The various explosives of the 1st division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.
- (c) Such of the various explosives of the 2nd division of the 6th (ammunition) class, as contain any exposed iron or steel may be kept with each other without any intervening partition or space.
- (d) The various explosives of the 3rd division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.
- (e) The various explosives of the 7th (firework) class may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons from having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

[Extracts from the rules defining the classes and divisions of classes of explosives will be printed on the license.]
